About Us

Dome Exhibitions, head quartered in Abu Dhabi, started servicing the multi-billion dollar MICE industry in the Middle East as an event management and stand contracting company Since 1991

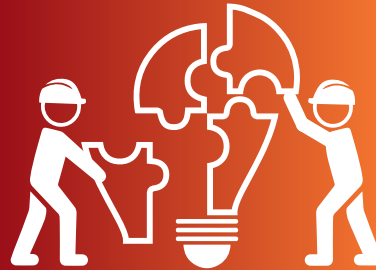

With a wealth of creative graphic designers and skilled professionals, we offer original and outstanding custom made stand designs that set your company and its products/services from its competition. Moving in tandem with the growing exhibition industry and understanding the pulse and need of the local market, we started organizing exhibitions and conferences in the year 2000. We expanded our operations by opening a branch in Dubai in the year 2002. We have handled events as diverse as Formula One and Offshore powerboat races, overseas trade and tourism missions, technical conferences and fashion shows for renowned fashion designers.

We take pride in being continuously appointed as an 'official stand building contractor' for many major events in UAE, contributing to the success of these events. We also take pleasure in being associated with many foreign government agencies (Germany, China, Malaysia, Switzerland, Canada, India, Cyprus, France and Brazil) as their 'gulf trade show-pavilion builders'.
